

Eco Services (T) Limited
Your Partner in Sustainable Development

Company Profile

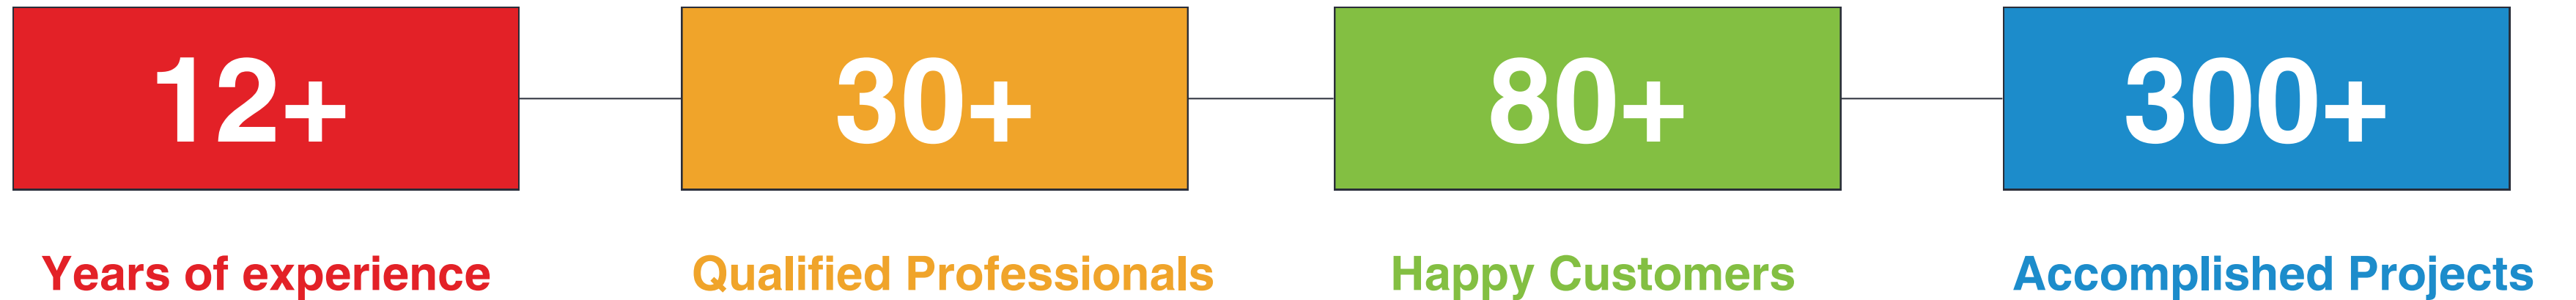

About Us

Eco Services (T) Limited was established in the year 2013 by a team of passionate professionals with a dream of assisting businesses and institutions to achieve their environmental compliance goals in a most reliable manner. Besides being a measure of noble global citizenship, observing good environmental, social and governance practices for projects and operations is a regulatory compliance requirement in most places around the world

We are a fully registered and certified environmental consulting company in the United Republic of Tanzania. Some of our qualifications include;

- Registered firm of Environmental Impact Assessment Experts by National Environment Management Council (NEMC)
- Registered firm of Environmental Audit Experts by National Environment Management Council (NEMC)
- Registered Mining Sector Service Provider by The Mining Commission
- Registered Energy Sector Service Provider by The Energy and Water Utilities Regulatory Authority (EWURA)

Our Milestones and Achievements

Our Mission and Vision

Mission

To help businesses and institutions achieve their Environmental, Social and Governance compliance goals in a most reliable manner.

Vision

We are committed to a sustainable future and to improving the social, economic and environmental well-being of the community.

Our Core Values

We are dedicated to satisfying customer needs and honoring commitments that we have made to them.

Service Excellence

Integrity

We act with honesty and integrity, not compromising the truth.

Teamwork

Our team is supportive of each other's efforts, loyal to one another, and care for each other both personally and professionally.

Community

We are proud to be part of the communities. We are committed to supporting local causes and operating in an environmentally responsible manner at all times

Our Services

We provide environmental and social advisory services to a wide range of sectors. A few among our common services includes;

Environmental and Social Impact Assessment (ESIA) of proposed new projects

Environmental Audit (EA) of existing operations

Environmental and Social Monitoring

Occupational Health, Environment and Safety (OHSE) Compliance Advisory Services

Environmental Due-diligence

Other Environmental and Social studies

Real Estate Advisory

Our multidisciplinary team of staff is made of well qualified, experienced and passionate scientists, engineers and sociologists. We are also well positioned to associate with other professionals or companies whenever circumstances call for such arrangements. Providing excellent customer service, integrity and teamwork spirit are our values which keeps us together as a team and make us thrive as a business.
